

What is the Medicaid gap?

Medicaid Gap

You make too much money to qualify for Medicaid, but not enough money to qualify for financial help through the Marketplace. This means you may not get help paying for insurance, and will have to pay all of the cost on your own. Insurance may cost too much for you. Turn this page over to learn more about free or low-cost health care in your area.

If I'm in the Medicaid gap:

■ Are my kids in the Medicaid gap, too?

It depends. Your children up to age 19 may qualify for MO HealthNet for Kids which is a health insurance program for children in families with low incomes.

■ What are my health care options?

Community health centers or health departments may be a good option for you. They provide health care services based on income, meaning the costs are lower for people who make less money.

Here are some health care options in your area:

Family Health Center

(573) 214-2314
1001 W. Worley St.
Columbia, MO 65203

Spectrum Health Care

(573) 514-7312
